Address: -C-504, Nivruti Heights RTO Link Rd, sect n0. 09, Moshi, Pimpri- Chinchwad, Maharashtra - 412105.

SUMMARY

Experienced Software Developer with over 2 Years 5 Months of experience developing and maintaining software applications, collaborating with cross-functional teams, and identifying technical issues to optimize performance. Proficient in utilizing programming languages and frameworks, designing RESTful APIs, integrating third- party services, and managing database interactions to support business requirements.

WORK EXPERIENCE

Software Developer, **Spruce Pax Pvt. Ltd. – Pune, Maharashtra**   **03/2025 – Present**

1. SprucePax – Internal Management System (ASP.NET Core, SQL Server, Entity Framework, JavaScript, Postman, Git, HTML/CSS)

Project Summary

Spruce Pax Pvt. Ltd. is engaged in manufacturing wooden, corrugated, and nailless packaging solutions. To streamline internal operations and support sales, logistics, and production workflows, the company initiated in-house software development.

Role and Responsibility

- ❖ Designed and implemented internal web-based tools to assist in order tracking, inventory management, and production scheduling using ASP.NET Core and SQL Server.
- ❖ Developed custom modules for quotation generation and sales reporting integrated with Microsoft Report.
- ❖ Collaborated with the production and sales teams to gather requirements and translate them into functional software features.
- ❖ Utilized Entity Framework for database interactions and LINQ for data queries.
- ❖ Implemented role-based user access and secure login functionalities.
- ❖ Created RESTful APIs to interface with third-party logistics platforms for shipment tracking.
- ❖ Bug fixes, optimization, and performance tuning of in-house applications.

Junior .NET Developer, **Ubolt Technologies Private Limited – Jaipur, Rajasthan**   **09/2023–08/2024**

    1.Ubolt (VisualStudio2022, MS SQL Server 2019, Web API, C#, JavaScript, query, HTML, CSS, POSTMAN)

Project Summary

We help businesses with expertise and integrity, to evolve and serve the ever-changing logistics industry. And that's why we're committed to building smarter solutions and strategic insights that drive the success of our truckers around the globe

Role and Responsibility

- ❖ Involved in understanding the functionality of the product.

- ❖ Involved in design of database objects scripts to deploy new tables, constraints, stored procedures.

- ❖ Designed/Developed the Report Modules.

- ❖ Worked on the conversion of document in uniform format for further processing

- ❖ Migrated the application from in house server to public cloud (AWS)

- ❖ Analysis and data acquisition of adsorbent samples for generating the reports.

Software Developer**, Hirdhav Software Pvt. Ltd. – Goregaon, Maharashtra**   **07/2022-09/2023**

1. Central Register of Cooperative Societies (CRCS) Refund Portal(MS-SQL, C#. NET Core, Visual Studio 2022, POSTMAN)

Project Summary

The CRCS Sahara Refund Portal is an online platform established to facilitate the processing of refunds

for depositors belonging to four Sahara Group Co-operative Societies

Role and Responsibility

- ❖ Involved in understanding the functionality of the product.

- ❖ Design and Developed the UI design page for the user interaction using the HTML and CSS.

- ❖ Worked on the backend layer for implementing the business logic using .NET Core.

- ❖ Created test cases & performed validation of the data.

2. DineMate – Restaurant Management System (MS-SQL,C#,ASP.NET)

Project Summary

Developed a Windows-based application to streamline daily operations at a hotel/restaurant, including table booking, order placement, and bill generation. The system simplified order tracking and improved kitchen coordination through real-time updates.

Role and Responsibility

- ❖ Designed and implemented core modules for billing, menu management, and order processing.

- ❖ Worked on the backend layer for implementing the business logic using. NET Core.

- ❖ Created test cases & performed validation of the data.

EDUCATION

Master of Science in Information Technology   **July 2017 – May 2019**

Mumbai University

 •Specialization in IT.

Bachelor of Science in Information Technology   **July 2017 – May 2013**

Mumbai University

 • Relevant course work in Structural Design and Project Management.

ADDITIONALINFORMATION

 •**Technical Skills:**

Web Technologies:	**WebAPI,.Net Core,** HTML, JavaScript, CSS, MVC, LINQ, Postman, Entity Framework, Object-Relational Mapping (ORM)
DBMS:	SQLServer2005/2008/2012,OracleBasic
Languages:	**.NET Core,** ASP.NET(C#), VB.Net, Java
Reporting Tools:	Microsoft Report
Version Control tools:	GitHub, VSS(Visual Source Safe),TFS (Team Foundation Server)
Bug Tracking Tool:	JIRA
Cloud Technologies:	AWS Services(Lambda)Azure Services(Azure Blob Container, Azure Blob Table, Azure SQL etc.),Signal R

 • **Languages:** English, Hindi, Marathi
 • **Certifications:** Microsoft ASP.NET
 • **Awards/Activities:** Presented A Seminar on Teaktalkat "Library Management System".
